It's Flu Season!

It's that time of year and the flu season is still in swing. This means we need your help! If your child is sick PLEASE call the office and reschedule the visit. This will ensure that our caregivers will not be exposed and will not spread it to any other clients or other caregivers. If our caregiver shows up to a visit and the client is sick, it is company policy for the caregiver to call the office or the on-call scheduler to inform us that the visit will be cancelled due to the fact that the company does not allow our caregivers to be present while the client is sick. We do this to ensure that both your child and other children are not exposed to any other illnesses as well. Additionally, if our

February Schedules

If you have not yet given the office your February schedule, please contact us by phone: 408-244-5600 or email: info@qualityrespiteandhomecareinc.com so that we can do our best to get you the dates you requesting. Please keep in mind that we are doing everything possible to keep our caregivers. The earlier we receive your requested dates, the more likely we can give you the caregivers you prefer most. Please remember Valentine's Day is the most requested day both for caregivers to want it off and for clients to request. If you have questions about the schedules, please contact our office by the phone number or email address above.

Kerry's Korner :)

Hope everyone is having a wonderful start to February!!! We are getting quite a bit of rain, that is causing some of our caregivers to have difficulty getting to visits on time and unfortunately not at all. We hope you can understand that we do our very best to get you all your visits as promised but sometimes mother nature has other plans for all of us!

Of course if you have a friend or family member that your child is comfortable with, be sure to contact Michael in Human Resources. He can hire this person on board as our employee to cover the hours for your child !!
